Re: EPA ID # PAD 000800680
Part B Application for Hazardous
Waste Storage Facility

Dear Mr. Thomas:

We have conducted a preliminary review of your Part-B Permit Application submitted to this office on April 19, 1983. This phase of our review was conducted to determine if information submitted in your application was "complete" in accordance with the Department's Rules & Regulations and the Hazardous Waste TSD application checklist.

After reviewing the submitted material, we have determined that the application is complete. Technical review of the application will begin shortly and you will be informed of the status once the technical review is completed. We may request additional information or schedule a site visit if necessary to further evaluate the application.

If you have any questions, please give me a call.

Very truly yours,

Abdul R. Merchant
